

## Enhancements to the Apprentices Program

---

A number of enhancements have been made to the Apprentices Program to better support apprentices as they complete their programs and become more employable:

Part II eligibility extended to all apprentices who meet the definition of an insured participant

Tuition costs paid by the student are considered a fully reimbursable cost \*

All apprentices receive the maximum EI Rate

Day care = \$35/day/child

Commuting allowance = \$.25/kilometer

Living away from home = \$175/week

Apprentices submit their application within four weeks of their course date

*Tuition enhancements are a short term measure only, intended to respond economic to the downturn by providing greater support to clients. Continued apprentice tuition support will be re-assessed as the economy recovers.*
